- Footnotes:
- Component estimates since 1986 are for the period July 1 to June 30 of the following year. Prior to 1986, the reference period is from June 1 to May 31 of the following year. Data for the period 1976/77 to 1980/81 is experimental.
 - Net NPR is the net change in non-permanent residents, which include persons residing temporarily in Canada who hold a student, work, or minister's permit, or who are refugee claimants.
 - Returning Canadians are Canadians who emigrated from Canada in the past, and who are returning with the intention of once again becoming permanent residents.
 - No estimates of net NPRs or returning Canadians are available prior to 1986 on a sub-provincial basis.
 - The 1986 to 1991 components are based on 1991 boundaries. For this reason, no data is available for the Fort Nelson-Liard area prior to 1986 since this region was created from portions of the Peace River-Liard and Stikine Regional Districts. This means that data for the Stikine and Peace River-Liard (referred to as Peace River after the boundary change) Regional Districts have a break in consistency at 1986 due to boundary changes. Also, Prior to 1986, the Central Fraser Valley includes the City of Langley and the District Municipality of Langley, but after 1986, both are included in the Greater Vancouver Regional District.
 - The 1992 to 1996 components are based on 1996 boundaries. For this reason there is a break in the data for Greater Vancouver due to a boundary change in 1995 in which the region took in a portion of the Dewdney-Alouette region. The remainder of the Dewdney-Alouette region merged with the Central Fraser Valley and Fraser-Cheam regions to form the Fraser Valley Regional District. Although the change took place in 1995, due to revisions, data for the Central Fraser Valley, Dewdney-Alouette and Fraser-Cheam regions are not available for 1992 to 1995.

Note: Interprovincial and intraprovincial migration estimates are based on information contained in the Revenue Canada income tax file.
